2) useless

A fully automated world

- 3. Say which of the facts in ex. 2 are the most surprising/shocking for you.
- 4. Complete the statements about the advantages and disadvantages of technology with the words in ex. 2. Say which ones you disagree with.

ADVANTAGES	DISADVANTAGES
a) art, books and games are great sources of entertainment.b) New technological inventions help education, science and	e) Technology makes our lives busier.f) We have become to technology. This has a negative effect on our health:
healthcare develop faster. c) devices can do simple and boring tasks, which lets people do more creative jobs. d) Technology has become a tool for tourism: now it's so easy to book a trip	we become less active, we think less and are more

- 5. You are going to watch a video called 'The last job on Earth: imagining a fully automated world'. Discuss what it might be about.
- 6. Watch the <u>video</u> [https://youtu.be/Yvs7f4UaKLo]. Then, retell the story using the beginnings.
 - a) The house that we see at the beginning...
 - b) The world in the video...
 - c) Because of the technology in the video, people...
 - d) In the end, Alice...

A fully automated world

- 7. Watch the video again and answer the questions.
 - a) How does Alice's morning routine look?
 - b) What are the problems of the automated world that the story tells us about?
- 8. Discuss the questions.
 - Would you like to live in the world from the video?
 - Do you think the future will look like this?
 - At the end of the video, we see a quote by a professor of computer science: "Machines could take 50% of jobs in the next 30 years." How do you feel about this statement?
- 9. Look at the list of technologies shown in the video. Choose one you would like to talk about and answer the questions.
 - Catbot 2.0
 - smart mirror
 - smart wardrobe
 - ads made especially for you

- medical robot
- driverless cars
- VR glasses
- automated staff management

- a) Would you like to have this technology? Why?
- b) How can this technology change the world of the future for the better?
- c) What are some dangers of this technology?
